STREET SNOW PLOWING

First priority for snow plowing is to clear and sand emergency routes, major access routes and streets in the downtown area.

From November 1st to April 30th each year, vehicles must be parked on the odd-numbered side of the street on odd-numbered dates and be parked on the even-numbered side of the street on even-numbered dates, within residential zones, to allow the City's snow clearing operations to plow close to the curbs and maintain maximum street width.

CITY SIDEWALK SNOW REMOVAL

Designated, high traffic sidewalks will be cleared of snow by the Operations Department. Please note that only one side of the sidewalk will be cleared of snow in this program. Every business owner or resident shall remove accumulation of snow or ice upon sidewalks **not later than 11:00am** daily (except Sundays and Holidays).

NELSON FIRE RESCUE

For the Holiday Season Nelson Fire & Rescue Services would like to remind you that a fire can occur in any home – even yours!

Some important safety tips:

- Ensure all Smoke Alarms and Carbon Monoxide Alarms are in working order – be sure to replace your batteries.
- Consider using new LED style candles – they are attractive and very safe.
- Keep matches and lighters out of the reach of children.
- Make sure your wood stove or fireplace flues and chimneys are cleaned annually.
- Use CSA rated space heaters and ensure an adequate clearance between the heater and other materials – minimum 1 metre.
- Water your live Christmas tree daily – and be sure to remove the tree when it becomes dry.
- Use extension cords properly. Do not overload or run beneath carpets.
- Think Fire Safety!

Nelson Fire & Rescue Services wishes everyone a Happy and Safe Holiday Season!!

Call us 24/7 at (250) 352-3103 if you have any safety concerns.

NELSON POLICE DEPARTMENT

Hand over the keys! Do not drink and drive this holiday season!

Let's hear it for Designated Drivers - our unsung heroes who choose not to drink so they can get their friends home safely. Remember — ALWAYS plan your ride.

If your activities involve alcohol, make a plan before you head out. Arrange for a Designated Driver or use other options to get home safely such as calling a taxi, taking public transit or calling a sober friend.

A Designated Driver is the person who does not drink at all, so they can drive others home safely. So choose your designated driver before the first round of drinks arrive. And remember — being a Designated Driver is a shared responsibility. You can promote safe driving and encourage your friends and family to make smart choices. Set a positive example and take your turn to be the designated driver.
